

Technical specifications - OD 100, B 250-1

R03

Brand name	BAMIKO
Product name	Swimwear spin dryer Bamiko
Type	OD 100
Model	B 250-1
Voltage	1N~230 V/50-60 Hz
Noise level Declared In standard operation	<70 dB 50 – 60 dB
Power Idle In use	0 W 0,58 W per cycle
Cycle time	10 seconds
Capacity	1 piece of swimwear
Weight Product itself Including packaging material	22 kg 25 kg
Used materials Top plastic with a lid Outer drum Inner drum Body of the dryer Frame of the dryer	PE PE Stainless steel AISI 316 Ti Stainless steel AISI 316 Ti (brushed finish) Stainless steel AISI 316 Ti (spray painted and foil wrapped designs) Stainless steel AISI 316 Ti
External dimensions Height Width Depth	555 mm 350 mm 300 mm
Waste connection: Drain hose length Inner diameter Outer diameter	approximately 0,6 meters 25 mm 32 mm
Safety features	safety electromagnetic brake, safety mechanical end switch, thermal protection of the motor, outer drum protected with nano layer built-in RCD and 5A fuse, reliable motherboard, IP 65 junction box bristle ring protecting the swimwear, advance mechanical protection preventing water damage CE certified, EAC certified, EMC certified, RoHS, IPX4 certified
The manufacturer reserves the right to make any changes in the technical parameters that do not affect the functionality of the product.	
Manufacturer: Bamiko s.r.o., Bezručova 663, 756 61 Rožnov pod Radhoštěm, Czech Republic Company ID: 02529009, VAT No.: CZ02529009
